

Pride of the Borough

Members Newsletter November 2022

Dear member

The clocks have changed and it's getting darker earlier and, dare I say it, a bit cooler. I know it's terrible to think but I may have to consider putting my shorts away until next year!

But it's not all doom and gloom, after the fireworks we can look forward to family time at Christmas and plan for next year. And that is exactly what we have been doing, there are lots of exciting things being planned for 2023, more detail will be shared as we finalise our plans, so I'll keep this newsletter short.

Membership Matters

There are no changes to the business offers to advise you of. Our web site is kept updated so please check so you don't miss out.

New 2023 membership cards will be available from 1st December 2022, we will contact everyone later this month with the details on how to renew your card.

A team from Pride of the Borough will have a stall again this year at Oadby's Festive Light Switch On to promote what we do around the Borough and to launch our 2023 Membership and Privilege Card. We look forward meeting new and old members on the day.

East Midlands in Bloom

Planning is starting for 2023 plus an extra special event which I can't tell you about just yet!

3rd Saturday working group.

After our successful morning at Blaby Road Park, clearing weeds and making the front beds looked loved, the next work party will be on Saturday 19th November 2022. We are meeting at 9:30 at Ellis Park car park, Oadby to concentrate on litter picking along the A6 and the surrounding streets.

December we will be back in Wigston, more details to be confirmed.

I have been sent this picture of a sign seen in one of our parks. So true..
